

## Frequently Asked Questions

### What is Remote Deposit Capture?

Remote Deposit Capture is a web-based service that converts paper checks into electronic transactions resulting in electronic deposits into your bank account.

### What do I need to get started?

A computer with high speed internet access and a check scanner.

### How do I select the right scanner?

That depends primarily on the volume of checks you receive at your place of business. North Salem State Bank will work with you to select the scanner which will best suit your needs.

### What types of checks can I process?

Any type of domestic check, money order, travelers check, or official check with a MICR line.

### Do I still need to go to the bank to make deposits?

No. Deposits are made at your place of business. After scanning your checks, your deposit is electronically deposited into your business bank account.
